💪 Work Hard Dream Big Week — Primary Campus

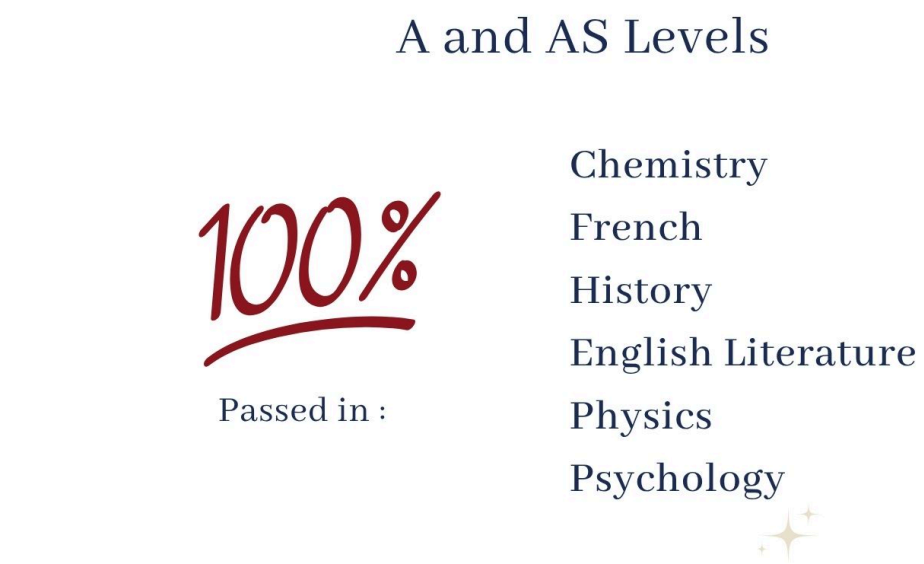

This term, our primary pupils embarked on an exciting journey themed “Discover the Scientist in You!” during the week of "Work Hard Dream Big" dedicated to curiosity, exploration and hands-on learning.
Each class dove deep into a fascinating scientific topic, connecting lessons across reading, maths and practical experiments.
From building miniature bridges to observing chemical reactions and exploring the wonders of nature, pupils eagerly tested their ideas, asked questions and discovered the joy of experimentation.
The week was filled with laughter, teamwork and “aha!” moments as our young scientists shared discoveries, solved challenges and celebrated each other’s creativity.
Every activity reflected their enthusiasm, resilience and growing confidence.
It was a vivid reminder that at BIST, learning is not just about knowledge — it’s about curiosity, imagination and the thrill of discovery!
